Education and training

Postgraduate Specialization in Artificial Intelligence
Senac, São Paulo, Brazil — **2025 – 2026**

Thesis: business workflow optimization with machine learning (Reinforcement Learning and Graph Neural Networks) applied to BPM.

Professional training
Senac and Cisco, São Paulo, Brazil — **2023 – 2025**

- Cisco CCNA v7.0: all 3 courses with verified badges; certification exam in preparation
- Cisco Network Defense, verified credential (2025)
- Python I & II: fundamentals and web application development
- Process Quality Management and MS Project

Bachelor's Degree in Systems Engineering
Universidad Católica Boliviana, La Paz, Bolivia — **2011 – 2019**

Business Administration: 95% of coursework completed.

Professional experience

Customer & Technical Support Representative
Callnovo, La Paz, Bolivia — **Sep 2020 – May 2022**

- Supported English-speaking customers of RedPocket Mobile (US carrier) and Tenvis (IP cameras) by phone, chat and email.
- Troubleshot mobile and smart-camera issues, escalating complex cases with full documentation.
- Logged and tracked every case in the CRM through resolution.

Customer Service & After-Sales Support
Level Store, La Paz, Bolivia — **Oct 2018 – Jun 2019**

- Provided in-store customer service and after-sales support, troubleshooting product issues.
- Handled supplier management and coordination.

IT Systems Support Intern
DM Hoteles S.A., La Paz, Bolivia — **Mar 2015 – Aug 2015**

- Supported the migration from the previous ERP to SAP Business One, assisting users with inventory and warehouse processes.
- Managed the company's social media channels.
